City of Coos Bay

Public Works & Development Dept.

500 Central Ave., Coos Bay, Oregon 97420 • Phone (541) 269-8918
Fax (541) 269-8916

PROJECT LOCATIONS: Central Avenue and North Bayshore Drive

DATE QUOTE REQUIRED BY: Thursday, January 31, 2013, 4 PM

REFERENCE SPECIFICATIONS: Standard Planting Practice

DELIVERY TIME: Baskets Must Be Hung By May 1, 2013

Location #1 – Central Avenue

The City is requesting a quote to plant 56 hanging baskets (16-inches in diameter at the top and 10-inches in diameter at the bottom and 25-inches in depth) to place on 30 light poles on Central Avenue. The City has the baskets and they are to be lined with burlap fabric when installing the flora display by the contractor. Each basket will be planted with a minimum of 45 plants, with the backbone plants being a combination of the following:

1. Ivy Geraniums (upright bedding type)
2. Salvia
3. Petunias
4. Impatiens

The remaining plants shall be Accent Plants which adapt well to the South Coast growing season.

Installation

Plant and grow in greenhouse condition until bulbs represent 4-inch to 6-inch pot, then transplant to baskets. Baskets should look plentiful by May 1, 2013

The quote will include picking up the baskets from the City of Coos Bay, Public Works Shops. Planting the baskets, deliver to Central Avenue and hang the baskets on the light poles. The city will be responsible for reconnecting the watering ring to the irrigation system.

SUB-TOTAL: $ _____

Location #2 – North Bayshore Drive

The City is requesting a quote to plan 42 hanging baskets (24-inches in diameter at the top and 14-inches in diameter at the bottom and 15-inches in depth) to be placed on 17 light poles on North Bayshore Drive. The City has the baskets and they are to be lined with burlap fabric when installing the flora display by the contractor. Each basket will be planted with a minimum of 45 plants, with the backbone plants being a combination of the following:

5. Ivy Geraniums (Upright bedding type)
6. Salvia
7. Petunias
8. Impatiens

The remaining plants shall be Accent Plants which adapt well to the South Coast growing season.

Installation

Plant and grow in greenhouse condition until bulbs represent 4-inch to 6-inch pot, then will transplant to baskets. Baskets should look plentiful by May 1, 2013
