

Public Comment on the Jordan Cove Energy Project (Land Use Application #187-18-000153)

Dear Members of the City of Coos Bay City Council,

Pembina has not met the requirements in order to be issued a permit by the City of Coos Bay. The proposed dredging does not comply with the Coos Bay Estuary Management Plan, City of Coos Bay Comprehensive Plan, and Statewide Planning Goal 16 Estuarine Resources. The Lane Council of Governments provided a thorough analysis with a recommendation to deny the application yet the Planning Commission approved forwarding the application for council review.

8/27/19

Specifically, I am concerned about the following impacts:

① Location in a seismic zone near to large population + our homes!! \* This site is not suitable for this project - dredging would severely impact the entire Coos Bay Estuary. Please do not allow this project to continue as it will permanently affect our gorgeous Bay and quality of life !!! Please protect our bay. This will begin the process of destroying our beautiful area - do not allow this.

Sincerely,

8/27/19
