Nathan,

Thank you for your comments. I have received them and will include it in the record.

Respectfully,
Henry

Subject: support letter for dredging, sause bros

Hi Carolyn,

Here is a letter of support for dredging from Sause Bros.

Thank you.

Coos Bay, OR. 97420

Re: Application # 187-18-00153

To Whom it May Concern:

Sause Bros. supports the City of Coos Bay changing the zoning of 3.3 acres of the Coos Bay from 52-NA to DDNC-DA to allow for additional dredging of the Coos Bay Deep Draft Navigational Channel. Sause Bros. is in favor of any effort to increase traffic and vessel safety in the bay, and it is clear that the proposed widening of the channel will do just that. A deeper, wider channel will create better steorage conditions for ships navigating it. And improved channel alignment, turning radius, and depth will allow larger ships to use the bay – which will, without question, benefit the local economy. The measured environmental impact of this proposal is far outweighed by its safety and economic benefits. From our perspective, this is a promising proposal that warrants your support.

Thank you for your consideration.

Sincerely,

Dale Sause
