**Subject:** dredging and fill of Coos Bay

Hello,

I am a resident of North Bend and my home is just above the bay and the proposed Jordan Cove LNG project. Having lived in the Coos Bay area since 1995 we have been crabbing and clamming and have loved walking along the bay as well. Should the dredging and filling of this beautiful, clean bay be done, it will ruin the ecosystems that thrive here. Please vote NO to LNG.

Thank you,

Donna Tyler
