Randy,

Thank you for your comments. They have been received and included in the record.

Respectfully,  
Henry

Carolyn,

It was suggested that we reach out to you and let you know our thoughts about amending the zoning map to allow for dredging of the Federal Navigational Channel. I just wanted to share that I am in support of this and to allow for larger ships to travel in our bay. Who knows maybe someday we can have a cruise ship come in. 😊

Thank you,
