Introducing Nathan Jurey, Coos Bay Main Street Manager

Nathan Jurey grew up in Oakley, Kansas, a city of 2,000, and is a recent graduate of Kansas State University with a Master's in Regional & Community Planning and a Minor in Economics. During and after college, he worked as a Graduate Research Assistant and explored the relationships between water quality and governmental structure. The Journal of Planning Literature recently accepted an article he co-authored with his Professor.

Most frequently asked question since his arrival: How did you end up in Coos Bay, Oregon? Nathan was looking for a position to put his education and experience to work and came across the Main Street position in Coos Bay. He applied, was interviewed, accepted the offer, and arrived in Coos Bay August 24th. Nathan is excited to begin working with the Coos Bay Downtown Association Main Street Program and attended his first DBDA board meeting today.

Everyone is encouraged to stop the office between the hours of 11 a.m. and 2 p.m. to welcome Nathan to our community. Members of the Downtown Association will also be on hand.
