

Additional Information Request:

#1 The proposal states that the “package must not exceed 12 pages”. Does “12 pages” mean 12 sheets of paper (24 total pages with front and back) or 12 total pages in all (6 sheets of paper with front and back)? Also, does the cover and cover letter count towards this requirement as well and can there be separate inclusion of full resumes in the back?

Response to Additional Information Request:

#1 Twelve (12) pages means 12 sheets of paper which would result in 24 pages with front and back. The cover and cover letter are separate from the 12 sheets, but the resumes must be included in the 12 sheets.
