

AMENDMENT TO REQUEST FOR PROPOSALS FOR THE BLADE PATCH & GRIND INLAY PROJECT, COOS BAY, OREGON 2018

It was recently brought to the City's attention that the spreadsheet indicates specific size at certain locations, however the asphalt tonnage did not equal out to the specific size. Therefore, please bid on only the **tonnage** listed on the spreadsheet in yellow, if additional tonnage is needed it will be a change order to contract. The original, full RFP document can be accessed at [http:// www.coosbay.org](http://www.coosbay.org)
