ISSUE NATIONAL TELECOMMUNICATIONS WEEK PROCLAMATION

BACKGROUND

This year, the week of April 12th – 18th has been designated as National Public Safety Telecommunications Week. This week is designated as a time when citizens can thank public safety men and women who respond to emergency calls and dispatch emergency professionals and equipment during times of crisis.

During this week, Americans can show gratitude to 9-1-1 call takers, dispatchers, the technicians that maintain radio and emergency phone systems, communications staff trainers, and other public safety telecommunications staff across the country who work tirelessly, often behind the scenes, to help you during emergencies.

ADVANTAGES:

This proclamation identifies the City of Coos Bay as a community that recognizes the important contribution Public Safety Telecommunicators make each day. The professionalism and dedication each telecommunicator gives to their job ensures that every 9-1-1 call will be answered promptly and efficiently, and will contribute to keeping our city and citizens they serve safe. The personnel that staff our center work very hard to assure that over 98% of all 911 calls are answered within 10 seconds or less.
