**ISSUE:** Star of Hope Request to Place Recycle Bins on City Property

**BACKGROUND:**

Star of Hope approached the City proposing to partner with the City for the purpose of placing Recycling Bins at three locations on City property. Star of Hope would like to test the use of the recycling bins before expanding to other City property locations. The bins would be secured in place and locked. Star of Hope would be responsible for the ongoing maintenance and operation (M/O) of the bins. If they got vandalized, Star of Hope would be subject to replacement. The locations proposed are; 1.) Mingus Pool, 2.) Mingus Sports Complex, and 3.) Visitors Information Center. If approved by Council, staff will create a memorandum of understanding with the Star of Hope for the long term M/O of the recycling bins.

**ADVANTAGES:**

This project will provide some revenue to the Star of Hope, plus provide a convenience to users of the City facilities. The Star of Hope resources, and not the City's, will maintain the bins.

**DISADVANTAGES:**

None noted.

**BUDGET IMPLICATIONS:**

No cost to the City. The Star of Hope will buy the bins with grant funds. The Star of Hope will be responsible for the installation, operation, and maintenance of the bins.

**ACTION REQUESTED:**

If it pleases council, authorize City staff to create a Memorandum of Understanding with the Star of Hope for placement and operation of the recycling bins.

**ATTACHMENT:**
