ISSUE: Adjusting of Sewer Rate Fees - Resolution 17-07

SUMMARY:

The City of Coos Bay Budget Committee concluded the FY 2017-2018 budget hearings in April which included a 6.4% increase in sewer user rates. In order to implement the sewer user rate adjustment commencing with the June 2017 billing cycle, Resolution 17-07 will need to be approved.

ACTION REQUESTED:

If it pleases the Council, adopt Resolution 17-07.

BACKGROUND:

The City of Coos Bay Budget Committee concluded the FY 2017-2018 budget hearings in April which included a 6.4% increase in sewer user rates. In order to implement the sewer user rate adjustment commencing with the June 2017 billing cycle, Resolution 17-07 will need to be approved. The sewer fee portion on the Coos Bay - North Bend Water Board billing will increase, based upon the rate study average use of 560 cubic feet per household, approximately \$3.63 per month. The revenue will provide funding for sewer line replacements, pump station rehabilitations, storm drain repairs, and the capital improvements at both wastewater treatment plants. Rates were not raised last year. The last rate increase was 6.5% in May 2015.

A comparison of rates from other communities along with a history of rate increases are attached. Approving the resolution at this time will provide the Coos Bay - North Bend Water Board time to change their computer programming and provide a full 12 months of billings at the adjusted rate.

BUDGET IMPLICATIONS:

The adjustment is projected to provide \$339,200 in additional sewer fee revenue over the budgeted sewer fee revenue for FYE 17.
