NOT YOUR NORMAL CALL CENTER – First Call Resolution (FCR) celebrated the expansion of its Coos Bay Call Center located in downtown with a ribbon cutting ceremony by the Chamber of Commerce yesterday afternoon. The initial expansion of FCR's existing space into the adjacent building once occupied by JC Penney was completed in the fall of 2014, and the remodeling project of the entire facility was just recently completed. The expansion added an additional 10,000 square feet of space to accommodate the continued growth of the company. FCR used the occasion to conduct tours of its center for members of the Chamber, and to showcase the company's culture and dedication to local communities.

FCR, the premier provider of outsourced live agent call center and business process solutions, currently **employs over 260** colleagues here in its Coos Bay center. Those attending the event also had the opportunity to meet members of FCR's leadership team and the many colleagues who have selected FCR as a Top Workplace in Oregon for three consecutive years.

Headquartered in Oregon with facilities in Roseburg, Grants Pass, Coos Bay, Veneta, Eugene, and Independence, FCR has built a new class of high-quality, domestic-based contact center and business process outsourcing solutions. The company provides a wide range of outsourced call center and business process solutions to industries that include high tech, startups, mobile commerce, wireless, telecom, finance, insurance, e-commerce, healthcare, retail, travel and hospitality, and various sectors of the new economy. FCR currently supports more than 60 clients and employs over 1,400 colleagues across seven facilities. FCR is changing the face of the outsourcing industry, one call, email, instant message, text, and video conference at a time. To learn more about the company, visit www.gofcr.com
