**POLICE DEPARTMENT HOLD WORK SESSION WITH MEDIA** – A work session which included all sergeants was well attended by news media, television, and radio representatives. It was a very worthwhile meeting – the most notable outcome was in last night’s edition of The World in which the police department’s public log was printed. We are working toward making the information available electronically.

**WELCOME OFFICER HATZEL** – The newest member of the Police Department, Hugo Hatzel was sworn by Chief Knight last week. Chief Knight is excited to have Officer Hatzel on his staff. **CRIME STATISTICS AVAILABLE ON LINE** – The Police Department has posted crime statistical data “on line” as a public service. Visitors may go to <http://www.coosbay-pd.net/crimestats.htm> to view Coos Bay Crime data from 1996 through 1999.

**FRONT STREET PROGRESS** – A draft for the rezoning of the Front Street waterfront area to encourage redevelopment for commercial and residential uses will be ready for public review this summer. The proposal will also contain design standards for development that will evoke, but not necessarily duplicate, the earliest days of Euro-American settlement which would include the 1880's to 1920's.

**CONSIDERATION OF EMPIRE DESIGN STANDARDS** – Several years ago the Empire Community Association met with Empire residents and suggested the theme “nautical waterfront” for the Empire urban renewal district. The Planning Division of the Community Services Department is in the process of drafting design standards for the theme for the area along Newmark from the “Y” (the intersection of Ocean Blvd. and Newmark) to Cape Arago Highway. A formal proposal should be ready for initial review by the City’s Planning Commission in the next month or so.

**FIRE DEPARTMENT PARTICIPATES IN DRILL** – Fire department personnel took part in a mass casualty drill at the North Bend Airport this week. Aircraft emergencies was the focus of the exercise. Over 45 emergency responders representing 8 local emergency response organizations participated. Firefighters practiced multi-victim extrication and patient care, hazardous materials control and fire suppression techniques.

**HAPPY ANNIVERSARY** - Happy anniversary to Leo Langlais, the Boardwalk Caretaker, for five years of dedicated services to the citizens of Coos Bay. Leo works 2 hours a day and five days a week cleaning the Boardwalk each morning cleaning it for the visitors that come by each day. Thanks again Leo for work to have done for the City.

They cut various banks with weed eaters including around the ballfield, from the kids area at the south end of the park up to Choshi bridge. They also cleaned the bank along the west side of Tenth Street from the cross walk to the first house going north. Six loads of brush was hauled just from the bank along Tenth Street. The inmates also raked all of the sand areas to make sure all debris had been removed.
