**CLASSICAL GUITARIST TO MEET WITH STUDENTS** – James Russell Hunley will meet with area students Monday, Feb. 22<sup>nd</sup>. Classical guitarist, recording artist, video producer and television host James Russell Hunley has an abiding enthusiasm for learning. So when the Oregon Coast Music Association engaged him to play a benefit concert on February 21, James asked if he could meet with students the following day to talk about his love of music, his love of learning, and his recognition that, no matter what your field of interest, study is an essential and enriching life-long pursuit.

Mr. Hunley will be meeting students at Sunset Middle School, North Bend Junior High School and Millicoma Middle School in informal sessions, to play music, answer questions and talk about his experience as a student both in school and beyond school. The Oregon Coast Music Association is delighted to offer this educational enrichment to our young people. The generous support of Wells Fargo Bank in sponsoring the fundraising event Feb. 21, and Mr. Hunley's gracious offer to contribute his time for these school visits, gives us an opportunity to present an interesting program and an important message about life-long learning to our students. The Oregon Coast Music Association thanks Wells Fargo Bank and James Russell Hunley for this gift to our community.

**COMMUNITY CLEAN-UP DAY** – Company's Coming! The annual Governor's Conference on Tourism will be held in Coos Bay April 11<sup>th</sup> through 13<sup>th</sup>. As you look around you can see many locations look better than they used to.

Saturday, March 6<sup>th</sup> has been designated Coos County's "Company's Coming" Clean-Up Day. This project will target properties along our "visitor corridors" – primarily Highways 101 and 42 and Cape Arago Highway. Everyone is encouraged to join in this effort to mark our communities attractive to our visitors, not only to those coming to the Governor's Conference on Tourism, but also those who come year-round to enjoy the vacation, recreational and cultural opportunities we have in our area.

If you would like more information about this countywide effort, please call the Bay Area Chamber of Commerce at 269-0215. If you live and work in Myrtle Point, Coquille, Lakeside, Bandon, etc. call your local Chamber of Commerce to learn what they have planned for March 6<sup>th</sup>. **LOCAL CONTRACTORS MEETING** – The City's Community Services Department, in cooperation with state building officials, is co-sponsoring a session on permitting and building codes requirements for local area contractors. The session will be held on Tuesday, February 23, 1999 at 6:00 p.m. at the North Bend Library. The intent of the session is an explanation of permitting requirements and recent changes in state building codes. There will be ample time for questions. Several local contractors and the Homebuilder's Association have helped put this session together – they deserve a lot of credit for their assistance. The session should be a great opportunity for local contractors to speak directly with local and state building officials.
