**ORDINANCE 278 UPDATE** – In an effort to more effectively enforce City of Coos Bay Ordinance 278 the police department has implemented a notification system for truck owners and operators. Ordinance 278 requires protective boards to be placed under landing gear of dropped semi-trailers in order to protect city streets from damage. The police department will begin affixing bright yellow warning stickers on semi-trailers found in violation of the ordinance. The City of Coos Bay and the Police Department is interested in working with truckers for the protection of streets within the city. The police will issue citations to repeat violators.
